

3 Steps to Revitalize Collaboration with High-Impact Spaces

1

PEOPLE

Create spaces for meaningful connection

2

SPACES

Repurpose underutilized meeting spaces

3

COLLABORATION

Boost meeting equity for all participants

1 Create Spaces for Meaningful Connection

Supercharge collaboration and connection with high-impact spaces

People need immersive, inspiring spaces equipped for rich collaboration between employees in the room—and beyond.

PEOPLE

BRING TEAMS TOGETHER THROUGH PURPOSEFUL CONNECTION

Make the office a people-centered destination

Q-SYS gives your teams the tools and technology they need to rebuild face-to-face team collaboration across divisible spaces, training spaces, all hands spaces and other high-impact spaces.

84% OF EMPLOYEES

would be motivated by the promise of socializing with co-workers¹

85% OF EMPLOYEES

would be motivated to work in-person to rebuild team bonds¹

Motivate employees to meet for meaningful, productive collaboration

Enhance collaboration with advanced features like automatic multi-camera switching and room automation

Offer an incredible in-room experience across a variety of room types

2 Repurpose Underutilized Meeting Spaces

Transform meeting rooms into high-impact spaces

Go beyond traditional meeting spaces—transform underused rooms into dynamic, engaging, high-impact spaces that captivate and inspire employees.

SPACES

REIMAGINE SPACES CONFIDENTLY WITH Q-SYS CERTIFIED SOLUTIONS

Create new purpose for meeting spaces

Revitalize your real-estate footprint by repurposing your existing spaces for hybrid collaboration and equipping them with Q-SYS cloud-manageable audio, video and control.

33% OF I.T. DECISION MAKERS

are building newer types of meeting spaces as a result of evolving work models²

Repurpose existing spaces for hybrid collaboration

Unlock the potential of your existing space

Create a consistent, repeatable experience through automation

3 Boost Meeting Equity for All Participants

Create spaces that accommodate every type of collaboration

Offer remote attendees the same feature-rich meeting experience as their in-room counterparts to help conversation and collaboration flow beyond the room itself.

COLLABORATION

FACE-TO-FACE INTERACTION BETWEEN EMPLOYEES REMAINS CRITICAL FOR BUILDING TRUST AND CAMARADERIE

Clearer communication throughout the company

Q-SYS elevates meeting experiences and makes every participant feel like they're in the same room with engaging features such as automatic multi-camera switching.

43% OF U.S. WORKERS

ranked access to technology as a top reason to come into the office³

Offer remote attendees an equitable, feature-rich meeting experience

Elevate meeting equity and make every participant feel like they're in the same room

Streamline collaboration with automatic multi-camera switching and UC platform integration

Unlock the potential of every space
