

Solutions Overview Guide

Meeting Room Solution: All Hands Space

Q-SYS brings the Zoom Rooms experience to high-impact spaces with a portfolio of Zoom-certified devices tailored to your room's design—whether in-ceiling, open ceiling, or directional audio is required. The Q-SYS Core Processor integrates audio processing, multi-camera switching, automation, and room control, enabling scalable, consistent deployments that meet both technical and user experience goals.

- The Q-SYS Core Nano Processor is the hub of the system. It connects to the Zoom Room Compute with a single driverless USB connection for audio and video.
- The Zoom Rooms sample design offers audio settings optimized for Zoom Rooms, featuring advanced configurable acoustic echo cancellation (AEC) and noise reduction. These enhancements guarantee echo-free audio, even in the most acoustically challenging spaces.
- Q-SYS NC-12x80 and NC-20x60 network PTZ cameras use the power of the network, allowing you to use as many Q-SYS network conference cameras in the space to provide multiple points of view to frame the right shot.
- AcousticDesign™ Series AD-C6T-LPZB ceiling loudspeakers are ideal for overhead loudspeaker placement for in-ceiling and open ceiling applications respectively.
- The Q-SYS PL-SUB10 is a passive, 10-inch installation subwoofer in a compact form factor, delivering a holistic audio, video, and control experience.
- The Q-SYS NV Series video endpoint enables multi-stream video encoding and decoding for network-based HDMI video distribution.
- Q-SYS Partner microphones, tested and Zoom-certified, enable flexible room configurations and capture speech from anywhere in the room.

Product	Quantity	
Q-SYS Core Nano processor	1	
Q-SYS NS26-1440++ network switch	1	
Q-SYS NC-12x80 network camera	2	
Q-SYS NC-20x60 network camera	2	
Q-SYS Partner microphone*	4	
AD-S162T column surface-mount loudspeaker	2	
PL-SUB10 subwoofer	1	
AD-C6T-LPZB ceiling loudspeaker	8	
Q-SYS CX-Q 4K-8 network amplifier	1	
Q-SYS NV-32-H network video endpoint	2	
Q-SYS NV-21-HU network video endpoint	3
